National Organization of Church Security and Safety Management is recognized by the IRS as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code, and gifts are tax-deductible to the extent allowed by law.

TESTIMONIALS:

Over 20 years ago Chuck Chadwick taught me the importance of church security. From personally protecting me from someone who sought to do me harm, to developing a security plan for a mega church where we served, to assisting churches of all sizes who have come to me for help in this area, Chuck is the leading authority when it comes to protecting God's people in God's house. I have recommended Chuck to churches of all sizes and denominations and without exception, Pastors have expressed nothing but amazement in his knowledge, complete trust in his integrity, and evidence of a heart for the Father and His people. If you need assurance that you doing all you can with the resources you have to protect your people, call Chuck Chadwick at Gatekeepers Security Services.

Lamar Slay | Pastor, Members Services (DAL) | Gateway Church

"I firmly believe that Gatekeepers Security Services is the industry leader in providing churches and nonprofit organizations the very best in security training. Their heart for, and their understanding of ministries and their passion for helping churches be prepared for all security issues provides any church or organization the peace of mind of being prepared."

Lawrence Swicegood | Executive Director | Gateway Church

I would like to express my absolute genuine appreciation for you, Gatekeepers and the work you do to keep our churches safe. Times are much different today than they were when I was growing up in a small Baptist church. It seems that every day the news highlights yet another tragic event whereby evil people and at times good people who do evil things have spilled their evil ways into our churches. Gatekeepers has and is standing in the gap to keep these horrific events from becoming scenes of mass murder. Without you and Gatekeepers our houses of Worship most likely would have become something much worse and dark many years ago. The obvious presence of Gatekeepers Forces across the United States has and will have a very pronounced impact on churches and those who wish to do harmful things to those who worship. The public or even those who attend churches across the United States will never know or truly appreciate the impact that Gatekeepers has had. However, those of us who are willing to stand in the gap know and won't forget what Gatekeepers has done and continues to do.

Jim Coleman / San Angelo Police Department

NOCSSM™ IS THE OLDEST AND MOST RESPECTED NAME IN CHURCH SECURITY.

NOCSSM™ is a 501(c)(3) non-profit organization that reflects real world professional church security experience. Thousands of churches have benefited from our training and resources.

NOCSSM continues the original mission by providing educational courses and conferences for churches throughout the nation as the "FIRST NAME IN CHURCH SECURITY".
