FEATURED SPEAKER:

Chuck Chadwick will speak on the detailed "Best Practices" developed over almost a decade of "Real World" experience in some of the nation's largest church.

As former Director of Security for one of the largest and fastest growing churches in America; Chuck brings a "real world" perspective of dealing with the security concerns of the nation's largest multi-site mega-churches. Chuck's 29 years of security experience and his founding of The National Organization for Church Security and Safety Management™ (NOCSSM™), helps him guide churches, both large and small, in addressing church specific security concerns. He has trained hundreds of churches across the nation in the basics as well as the highly advanced technical aspects of church security. As President of Gatekeepers Security Services™, Chuck's companies provide security services to some of the nation's largest mega-churches.
